## While You Wait Copy & Print Center

We offer small format color output from hard copy or digital files using our fully networked Color ImageRunner. This service provides high-quality prints for presentations, catalogs, manuals or brochures. We can reduce, enlarge, print on both sides up to 11" x 17" to give your printed materials that professional look. Ideal for small to medium run lengths with fast turnaround schedule.

### Document Storage

By scanning and storing your documents, we can easily reprint your files on demand. We can archive your files on-site or submit them back to you digitally. Additionally, we are able to archive your hard-copy originals for future printing.

We are committed to providing you with the best in traditional and hi-tech / high speed reprographics.

We offer a wide range of services including document printing, digital bluelines, presentation color graphics, bindery, and finishing services – all with a promise of high quality, within your budget and on time.

Equipment: KIP 3000 \* Canon Color Imagerunner 5180 \* HP5500 Designjet \* Canon Imagerunner 600 \* Canon Imagerunner 2200 \* Savin Duplicator \* Large Format Laminating & Foamboard Mounting.

Monday - Friday 9am - 5:30pm & Sat.  
9am - 1pm

## **Large Format Printing & Copying**

**This service provides clear, crisp, black and white output from a digital or hard copy file. As the industry standards have changed so fast, we recommend plain paper copying for your best results. Our state-of-the-art, fully networked digital workstations offer sharp contrast with dark black lines, so your prints are very legible and fade-resistant.**
